

**Home Grading Instructions for Math and Reading:**

1) *Students:*

- record name and date on first sheet of homework set
- record date and starting time on record sheet
- record finishing time on record sheet

2) *Parents:*

- grade homework set
- record number of mistakes on record sheet

3) *Students:*

- correct all mistakes until each page is 100%

4) *Parents:*

- check corrections
- record corrected mistakes by circling the number of mistakes on record sheet

**Notes**

- Parents with very young children should record the name, date, and start/stop times for worksheet sets.
- A "worksheet set" is defined as the number of pages the student is to complete each day; this number varies for each student based on how many pages he/she is assigned per week.
